LIP Product Update Announcement Re:

**W14228
W11387**

Dear Customer,

LIP Diagnostic Services, part of Fannin Ltd, wish to advise title updates to product codes W14228 and W11387. This is due to the use/addition of Meropenem Supplement as the selective agent.

Meropenem has proven more effective as the selective agent when products are tested with controlled strains.

Please note new product titles as follows:

**W14228 VRE Broth + Meropenem
W11387 VRE Agar + Vancomycin + Meropenem**

Should you require any further information on this matter please do not hesitate to contact me directly.

Best Regards,

Eva Lyons
Quality Manager – LIP
